

Opportunities for Impact

Since 2006, IHT has created 156 permanently affordable rental and ownership homes for working Island families. Our bold Vision 2025 strategic plan seeks to create an additional 150 homes by the end of 2025. With 33 homes completed in the first three years of our five-year campaign, we're well on our way to reaching our goal. We must now raise a total of \$7.2 million in private donations to leverage \$7.4 in town funding and \$66 million in state funding to develop an additional 149 homes (129 rentals and 20 ownership) in four island towns totaling \$105 million in project costs.
